Business Manager

PATRICK F. McCARTHY  
Recording Secretary

March 18, 2020

**To: Plumbers Local 130, UA Membership**

**Re: COVID-19 Response**

Dear Brothers and Sisters:

Plumbers Local 130, UA is continuously monitoring the coronavirus (COVID-19) outbreak. The safety and health of our members and our employees are our primary concern. In an attempt to slow the spread of the virus, **all Plumbers Local 130, UA offices in Chicago (Union, Pension, Welfare, Data Center and JAC) Joliet, Volo and Warrenville will be closed to the membership and public starting Wednesday, March 18, 2020 and until further notice.**

**Nonetheless, Local 130 remains open for business.** Local 130 staff will maintain a presence in each location (Chicago, Joliet, Volo and Warrenville) and members may transact business by telephone or e-mail. Local 130 is committed to serving our members during this challenging time. We appreciate everyone's patience as we deal with these unprecedented times.

As you know, the Plumbers JAC, Local 130, UA has suspended operations until further notice. Apprentices are to report to work with their assigned contractor on school days.

If you are laid off, please file for unemployment benefits immediately. A copy of the most recent information provided by the Illinois Department of Employment Security regarding COVID-19 is attached.

Under ordinary circumstances, members of Local 130 may have been required to take a drug test under our collective bargaining agreements. Out of an abundance of caution, and to avoid possibility of inadvertent exposure, our Contractor Associations the PCA, WSA and K3 have agreed with Local 130 to suspend drug testing until further notice. Employees who may have been required to test will be permitted to test in the future without consequence. Employees will still be subject to drug tests for reasonable suspicion. No drugs are allowed at any time. Drug testing will be suspended until April 15<sup>th</sup> and will be re-evaluated at that time.

In the days and weeks ahead, take the steps you feel necessary to prepare yourself and your family, but remember the best thing we can do is to follow sound advice from the CDC:

- Stay at home if you are sick.
- If someone in your home tests positive for COVID-19 the entire household must be quarantined.

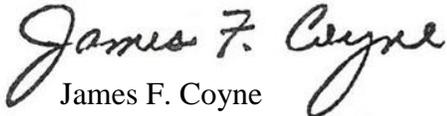

*Continued...*

*"The PLUMBER protects the health of the nation!"*

- Limit gatherings to 10 people.
- Wash your hands often with soap and water for at least 20 seconds, especially after you have been in a public place, or after blowing your nose, coughing, or sneezing.
- Avoid touching your eyes, nose and mouth with unwashed hands.
- Practice social distancing, staying at least 6 feet away from other people.

With courage and patience, we will get through these unprecedented times together. Please contact the hall at 312-421-1010 with any questions

Fraternally Yours,

  
James F. Coyne  
Business Manager

## COVID-19 and Unemployment Benefits

Unemployment benefits may be available to some individuals whose unemployment is attributable to COVID-19. IDES recently adopted emergency rules to try to make the unemployment insurance system as responsive to the current situation as possible.

### What is Unemployment Insurance (UI)?

In general, UI provides temporary income maintenance to individuals who have been separated from employment through no fault of their own and who meet all eligibility requirements, including the requirements that they be able and available for work, register with the state employment service and actively seek work. [Click here for more information.](#)

(/ides/aboutides/Pages/10%20Things%20You%20Should%20Know.aspx)

### What determines if I'm able to work?

An individual is considered able to work if he or she is mentally and physically capable of performing a job for which a labor market exists.

### What determines if I'm available for work?

To be considered available for work, an individual cannot impose conditions on the acceptance of work if those conditions essentially leave him or her with no reasonable prospect of work.

### What determines if I'm actively seeking work?

An individual is considered to be actively seeking work if he or she is making an effort that is reasonably calculated to return the individual to work.

### What if I'm temporarily laid off because the place where I work is temporarily closed because of the COVID-19 virus?

An individual temporarily laid off in this situation could qualify for benefits as long as he or she was able and available for and actively seeking work. Under emergency rules IDES recently adopted, the individual would not have to register with the employment service. He or she would be considered to be actively seeking work as long as the individual was prepared to return to his or her job as soon the employer reopened.

## What if I quit my job because I am generally concerned over the COVID-19 virus?

An individual who leaves work voluntarily without a good reason attributable to the employer is generally disqualified from receiving UI. The eligibility of an individual in this situation will depend on whether the facts of his or her case demonstrate the individual had a good reason for quitting and that the reason was attributable to the employer. An individual generally has a duty to make a reasonable effort to work with his or her employer to resolve whatever issues have caused the individual to consider quitting.

## What if I'm confined to my home 1) because a medical professional has diagnosed me as having COVID-19 or 2) because I must stay home to care for my spouse, parent or child, whom a medical professional has diagnosed as having COVID-19 or 3) because of a government-imposed or government-recommended quarantine?

An individual in any of those situations would be considered to be unemployed through no fault of his or her own. However, to qualify for UI, he or she would still need to meet all other eligibility requirements, including the requirements that the individual be able and available for work, registered with the state employment service and actively seeking work from the confines of his or her home. The individual would be considered able and available for work if there was some work that he or she could perform from home (e.g., transcribing, data entry, virtual assistant services) and there is a labor market for that work.

## What if I leave work because my child's school has temporarily closed, and I feel I have to stay home with the child?

An individual who leaves work voluntarily without a good reason attributable to the employer is generally disqualified from receiving UI. The reason the individual in this situation left work would not be considered attributable to the employer. Consequently, the individual would likely not qualify for UI.

## I have exhausted my rights to UI. Will additional benefits be available because of the COVID-19 situation?

At this point, no additional UI is available to individuals who have already received the full 26 weeks' worth of benefits for their current benefit years.
