

## Chicago Trade Related Math Class – Chicago Training Center

Need a refresher on plumbing-related math? Join your fellow Local 130 members to learn and review all the offsets, formulas, and numbers you need to know for the classroom and in the field.

Classes will meet once per week for 6-week sessions, with a week break in-between each session. Class starts at 4:30pm and will be approximately 2 hours. Be there at least 15 minutes before class starts, as no one will be admitted after class starts. The building entrance will be locked after 4:30.
